1. **Application of Terms and Conditions**

The terms and conditions contained in this Contract of Carriage shall govern the application of all fares, rates, and charges published by Carrier and will apply only to Carrier's routes and services. No agent, servant, or representative of Carrier has the authority to change or waive any provision of this Contract of Carriage unless authorized by a corporate officer of Carrier.

2. **Applicable Law**

These terms of transportation shall be interpreted and enforced in any court of competent jurisdiction, including a court within the jurisdiction of the passenger's residence in the United States (provided that Carrier does business in that jurisdiction).

3. **Customer Commitment**

Carrier has established a program setting standards for service levels in the areas of fares, flight information, baggage, ticket purchase, and refund, customers with special needs, onboard delays,

oversales, codeshare partners, and complaint resolution. These commitments are incorporated into the applicable sections within this document:

1. Offer the lowest fare for which the customer is eligible
2. Provide customers with accurate, timely information on flight delays, cancellations, or diversions
3. Provide on-time baggage delivery
4. Provide prompt ticket refunds where applicable
5. Properly accommodate passengers with disabilities and other special needs
6. Meeting the needs of and improving the handling of our customers during long onboard and gate delays
7. Clearly disclose policies for customers with special needs
8. Provide basic information and policies about Oversold flights, travel itineraries, cancellation policies, frequent flyer program Rules, and aircraft configurations (when and where applicable)
9. Respond promptly to complaints or requests for information
10. Identify services provided by Carrier to minimize inconvenience resulting from cancellations and misconnections

4. **Reservation Confirmation, Check-In, Fares, Groups**

A. Confirmation

1. When confirming a reservation, a valid email address and phone number (preferably a mobile number) are required and must be given to the Call Center agent or included in any online reservation in the event Carrier must contact the passenger prior to the flight.

B. Check-In

1. You need to make allowances for traffic delays and, if applicable, for clearing any TSA checkpoints. Due to federal security screening measures in place at airports, passenger and baggage processing time may differ from airport to airport, and become extended during holidays and peak travel times. It is the passenger's responsibility to arrive at the airport with enough time to complete any security screening process and to comply with these minimum check-in time limits. If running late, it is suggested that passengers contact the Call Center with any delay advisories. However, Carrier will not delay any flight due to the late arrival of any passenger under any circumstances.
2. Flights Within the Contiguous United States
Ticketed Passengers should arrive at your designated airport no less than 60 (sixty) minutes prior to scheduled departure time. Ticket counters close 45 minutes prior to departure. Failure to check in at the gate 30 minutes before scheduled flight will result in the loss of their ticket. If a ticketed Passenger arrives at a ticket counter and no agent is available, the Passenger should call the Customer Service Center at (800) 329-0485 (Southern Airways) or (866) 260-7070 (Mokulele) for assistance.
3. Flights within Hawaii
Ticketed Passengers should arrive at your designated airport no less than 45 (forty-five) minutes prior to scheduled departure time. Ticket counters close 30 minutes prior to departure. Failure to check in at the ticket counter 30 minutes before scheduled flight will result in the loss of their ticket.
4. Passengers should be at their respective boarding area/gate at least 30 minutes prior to their scheduled departure time. This means that Passengers should have paid for any tickets, checked in baggage (if any), and received a boarding pass (if applicable). Boarding will commence within 30 minutes prior to the scheduled departure time. Failure to check in before the commencement of boarding will result in a cancellation of the reservation; should that occur, the ticket will have no value.

5. Guests not boarded within 10 minutes prior to departure will be considered a No-Show. At that point, Carrier has the right to cancel all reservations held by such Passenger on Carrier's flights or any other carrier for continuing (downline connection) or return space, provided Carrier or an authorized agent of Carrier originally reserved that space. The ticket value, including loyalty points used to purchase the ticket, may be forfeited at that time as well.

C. Application of Fares

1. General Transportation is subject to the fares and charges in effect on the date on which such ticket was issued. If a ticket has been issued before an increase in the fare becomes effective, it shall be honored for transportation between the points, and at the class of service for which it was purchased. Fares are published in Carrier's reservations system and may be obtained from Carrier's Internet sites or through an authorized travel agent. Some travel agencies, however, may impose an additional charge for this service which is separate from the Carrier's ticketed price. All published fares and charges are stated in U.S. Dollars. No Stopovers are permitted on published fares, except upon a combination of local fares.
2. A reservation for space on a given flight is valid when the availability and allocation of such space is confirmed by the Carrier or an authorized agent of the Carrier. Subject to payment or other satisfactory credit arrangements, a validated Ticket will be issued by the Carrier or the authorized agent of the Carrier indicating confirmed space, provided the Passenger completes the purchase for such Ticket at least 30 minutes before the scheduled departure time of the applicable flight. Such reservation of space is subject to cancellation by the Carrier without notice if the Passenger does not comply with this rule. All tickets purchased are considered to be nonrefundable and nontransferable unless explicitly stated in the fare rules.
3. Exceptions
 - a. If the Passenger agrees to apply to Carrier or an authorized agent of Carrier for a validated Ticket indicating such confirmed reserved space by a specific time before the scheduled departure time of the applicable flight, such earlier time limit will be entered into Carriers' reservation system and the reservation will then be subject to cancellation by Carrier without notice if the Passenger does not apply to Carrier or its authorized agent for a validated Ticket indicating the confirmed reserved space before the agreed specific time in advance of the scheduled departure of the applicable flight.
 - b. Where other Rules, including fare Rules, provide for the issuance, validation, or purchase of a ticket within specific time limits, these specific time limits will apply.
4. Once a Passenger obtains a Ticket indicating confirmed reserved space for a specific flight and date either from Carrier or its authorized agent, the reservation is not confirmed until the balance of the Ticket is at "zero," meaning all fares, taxes, and fees have been paid in full.
5. When a person calls Carriers' Call Center, Carrier will offer such person the lowest published fare available through such Call Center for which the person is eligible given the dates, flights, and class of service requested. Carrier charges a \$25 per person per reservation fee for all reservations booked via the Call Center. This fee is nonrefundable.
6. Carrier will disclose at the time a reservation is made and prior to the actual Ticket purchase, any available information regarding a change of aircraft that has the same flight number (change of gauge and/or connecting flight information).
7. Upon request, Carrier will disclose general information regarding aircraft configuration, for the aircraft type on which the Passenger is booked. Variations may occur within an aircraft type.
8. Carrier will make available through its website or otherwise, rules, restrictions, and redemption opportunities of any frequent flyer/rewards program (should a program be

available). In addition, all fares may not be eligible for credit in such program. Please verify the fare rules prior to purchase.

9. Carrier does not guarantee the allocation of any particular seat in the aircraft, including advanced seat requests (seat assignments).
10. Carrier may limit the number of Passengers carried at any fare level, and certain fares will not necessarily be available on all flights. The number of seats which Carrier shall make available on a given flight will be determined by Carrier.
11. Waivers for Special Fare Restrictions
12. The following situations may allow relaxed fare restrictions for emergency travel situations involving death, critical injury, or illness requiring hospitalization, including hospice care of an immediate family member provided proper documentation is made.
 - a. Serious Illness Emergencies – the Passenger must provide Carrier with a written statement that provides the immediate family member’s name, relationship to the Passenger, the name and telephone number of the hospital/hospice, the doctor’s name, and a statement from the doctor that the immediate family member is actually hospitalized.
 - b. Death Emergencies – Passenger must provide Carrier with a written statement that provides the name of the deceased immediate family member, the relationship of the deceased to the Passenger, the name, address, and telephone number of the funeral home, and if possible, a copy of the death certificate. Note: If the funeral home information is not available prior to departure, it may be provided at the time of the return flight.

If the above required written documentation is not submitted to Carrier’s satisfaction, the Passenger must pay the applicable fare for transportation used. The Passenger may then submit a refund request accompanied by the appropriate documentation within the time allowed for refunds under Rule 23.

13. Student and Child Fares: From time to time, Carrier may make available special promotions applicable to students attending an educational facility or school. These may range from discount fares to standby fares. Children do not automatically receive discounts when flying on Carrier unless a special fare is published.
14. Specific fare rules may override the general terms of this Contract of Carriage.
15. Pre-purchased non-fare related items are nonrefundable unless the passenger was unable to travel due to an oversell situation or a flight cancellation.
 - a. Baggage Fees paid at the time of check-in, at a kiosk, or through an agent of Carrier, are nonrefundable unless the passenger is unable to travel due to an over-sale situation or a flight cancellation.
 - b. Any tours, hotel accommodations, and car rentals available through Carrier’s website are sold with the premise that the Carrier is acting as a referring agent or booking agent and does not guarantee the service purchased. The vendors’ Terms of Contract override any terms set forth by Carrier.
16. Erroneous Fares. Carrier will exercise reasonable efforts to ensure that all fares it publishes are accurate and available for sale, but Carrier reserves the right to correct any erroneously published fare that Carrier did not intend to offer for sale. In the event that an erroneous fare is inadvertently published for sale and a ticket is issued at the erroneous fare before it has been corrected, Carrier reserves the right to cancel the ticket purchase and refund all amounts paid by the purchaser, or the purchaser has the option to have the ticket reissued for the correct fare and pay for the difference.

17. Internet-Only Fares. Carrier will, from time to time, offer fares that are limited to distribution through Carrier's internet web portal. These fares typically offer transportation ONLY between the two points booked and may have restrictions related to changes, irregular operations, and baggage limitations. Each fare will be presented with the fare Rules under the specific column of availability.

18. Personal Data. The Customer recognizes that personal data has been given to Carrier for the purposes of making a reservation for carriage, obtaining ancillary services, and making available such data to government agencies. For these purposes, the passenger authorizes Carrier to retain such data and to transmit it to its own offices, other carriers, or the providers of such services, in whatever country they may be located.

D. Group Reservations

Customers may inquire about a group when traveling with 10 or more passengers on the same itinerary. Please contact charters@iflysouthern.com, charters@mokuleleairlines.com, or sales@surfair.com for charter flights.

5. **Tickets and Ticket Validity**

Carrier is a paperless ticket airline. Reference(s) to a 'ticket' can also include an electronic document that may reside solely in the Carrier's reservation system.

- A. Ticket Issue Date. The date when payment is made by credit card, or the ticket invoice date established when payment is made by other acceptable forms of payment will constitute the date a Ticket is "issued" in determining the validity period under this Rule.
- B. When more than one ticket must be issued to properly reflect all of the information required for a complete flight itinerary, the individual tickets will be cross-referenced by their ticket numbers and will be considered to be a single ticket or "Conjunction Ticket."
- C. Carrier will not be obligated to carry any Passenger until the Passenger has paid the applicable fare or has complied with credit arrangements established by Carrier. Only at that time will a ticket be issued.
- D. No person will be entitled to transportation except upon presentation of a valid ticket.
- E. A ticket which has not been validated or which has been altered, mutilated, or improperly issued, is not valid.
- F. Flight coupons will be honored only in the order in which they were intended to be used.
- G. Carrier's tickets are nontransferable unless otherwise stated on the Ticket at the time it was issued. Carrier is not liable nor responsible for honoring or refunding the ticket when presented by a person not named on the ticket. As used herein, "unauthorized person" means any person other than the person to whom the ticket is issued and who is entitled to be transported or a refund in accordance with the Rules in this Contract of Carriage.

If a ticket is in fact used by an unauthorized person with or without the knowledge or consent of the person to whom the ticket was issued, Carrier will not be liable for the destruction, damage, or delay of such unauthorized person's baggage or other personal property, or for the death or injury of such unauthorized person arising from or in connection with such unauthorized use.

- H. A ticket will be valid only for flight(s) for which reservation(s) have been made and only between the points named on the ticket or applicable Flight Coupons. A passenger holding an unused open dated ticket or portion thereof, or an Exchanged ticket for onward travel, or who wishes to change a ticketed reservation to another date, shall not be entitled to any preferential right with respect to the obtaining of reservations.
- I. Prohibited Practices

1. Fares apply for travel only between the points for which they are published. Tickets may not be purchased and used within fare(s) from an initial departure point on the ticket which is before the Passenger's actual point of origin of travel, or to a more distant point(s) than the Passenger's actual destination being traveled even when the purchase and use of such tickets would produce a lower fare. This practice is known as "Hidden Cities Ticketing" or "Point Beyond Ticketing" and is prohibited by Carrier.
 2. The purchase and use of roundtrip tickets for the purpose of one-way travel only, known as "Throwaway Ticketing," is prohibited by Carrier.
 3. The use of Flight Coupons from two or more different Tickets issued at round trip fares for the purpose of circumventing applicable tariff Rules (such as advance purchase/minimum stay requirements) commonly referred to as "Back-to-Back Ticketing" is prohibited by Carrier.
- J. Carrier' Remedies for Violation(s) of Rules. Where a Ticket is purchased and used in violation of the Contract of Carriage or any fare rule (including Hidden Cities Ticketing, Point Beyond Ticketing, Throwaway Ticketing, or Back-to-Back Ticketing), Carrier has the right in its sole discretion to take all actions permitted by law, including but not limited to any or all of the following:
1. Invalidate the Ticket(s)
 2. Cancel any remaining portion of the Passenger's itinerary
 3. Confiscate any unused Flight Coupons
 4. Refuse to board the Passenger and to carry the Passenger's baggage, unless the difference between the fare paid and the fare for transportation used is collected prior to boarding.
 5. Assess the Passenger for the actual value of the ticket which shall be the difference between the lowest fare applicable to the Passenger's actual itinerary and the fare actually paid.
 6. Terminate the Passenger's participation in Carrier's frequent flyer program with the loss of any accumulated points or miles and/or revoke elite status.
 7. Take legal action with respect to the Passenger.
- K. Period of Validity. Except as otherwise provided in this Rule or required by the applicable local law of a foreign jurisdiction, any eligible ticket issued by Carrier or its authorized agent on Carrier's ticket stock will be valid for transportation for one year from the date on which transportation commences at the point of origin as designated on the original ticket, or, if no portion of the ticket is used, one year from the date of issuance of the original ticket. When a ticket includes an excursion or special fare having a shorter period of validity than one year, the shorter period of validity will apply only to the excursion or special fare transportation. When a fare limits the carriage to specific periods of the day, week, month, or year, the ticket is valid for the specified periods only. When fares are combined to create Round/Circle/Open-Jaw Trips, the most restrictive provisions will apply to the entire transportation.
- L. Failure to cancel a ticketed reservation before departure will result in loss of confirmed space and the ticket will lose all value. No rebooking is permitted.
- M. Extension of Validity Period
1. If the Passenger is prevented from using the ticket, or a portion thereof during the period of validity specified in this Rule due to a Carrier flight cancellation or because Carrier is unable to provide space on the flight, Carrier will, without additional collection of fare, extend the ticket validity period of such passenger's ticket to the first flight of Carrier on which space is available in the class of service for which the fare has been paid.
 2. If the Passenger is unable to commence or continue his/her travel due to his/her personal illness or physical incapacity, or the illness, death, or physical incapacity of a member of

his/her immediate family, or of an associate with whom he/she is traveling, Carrier will extend the period of validity beyond the original limit but not to exceed thirty (30) days.

6. Cancellation of Reservations, Credits, Refunds

Carrier is not liable for any consequential, compensatory, or other damages when it cancels reservations of any Passenger in accordance with this Rule. Cancellations, changes, and requests for credit or refund must be made by calling Carrier's Call Center at (800) 329-0485 (Southern Airways) or (866) 260-7070 (Mokulele), open 24 hours a day. No cancellations or requests for credit will be accepted by email or phone message.

A. Voluntary Cancellation

When a ticket holder requests to cancel their reservation that is booked through the Carrier's Call Center, web portal, or other means, that is considered a Voluntary Cancellation.

Pursuant to Federal regulations:

1. If ticket(s) issued by Carrier is canceled within 24 hours of purchase and travel commences one week or more, a refund will be given in full to the original form of payment, including loyalty points as applicable.
2. If ticket(s) issued by Carrier is canceled within 24 hours of purchase and travel commences in less than one week, a travel credit in the name of the original Passenger will be given good for one year from the date of original ticket issuance.
3. If ticket(s) issued by Carrier is canceled beyond 24 hours of purchase, a travel credit in the name of the original Passenger will be given for the unused portion of the ticket, less a USD \$25.00 administrative fee per person, per ticket
4. A reservation that is booked through an accredited travel agency and is ticketed through their reservation system and transacted through Airlines Reporting Corporation (ARC) in the United States or through the International Air Transport Association Billing and Settlement Plan (IATA BSP) can request that their ticket transaction be voided up to 24 hours after the original ticket was issued, provided travel booked on that ticket has not commenced and it is a fully unused ticket.

B. Involuntary Cancellation

Carrier has the right to cancel reservations of any Passenger whenever such action is necessary to comply with any governmental regulation, upon any governmental request for emergency transportation in connection with the national defense, or whenever such action is necessary or advisable by reason of weather or other conditions beyond Carriers' control, including Force Majeure events.

In such an event, and at the request of a passenger confirmed on such a flight, Carrier will issue a travel credit in the name of the original Passenger for the amount of their ticket that can be used towards future travel. The credit will have a validity period of 12 months from when the ticket was originally purchased. Baggage Fees paid at the time of check-in, at a kiosk, or through an agent of Carrier, will also be credited.

If the flight cancellation is due to Carrier's own accord, such as a mechanical delay, Carrier will, at the request of a passenger confirmed on such flight, refund the price of their ticket (or remaining unused portion thereof) back to the original form of payment, including loyalty points, as applicable. In the case of a travel agency-issued ticket, any refund must be initiated by the travel agency who booked the original ticket. They must contact Carrier for a waiver code that authorizes the refund process.

Carrier has the right to cancel reservations due to the Passenger's failure to comply with the Rules set forth herein, including but not limited to, the Passenger's failure to pay for the applicable Ticket under the conditions applicable to the fare for such travel.

C. Forfeiture / No-Show

A passenger who fails to check in for a flight 30 minutes before its scheduled departure and fails to notify the Call Center (not the ticket counter) is automatically considered a No-Show passenger. This results in the forfeiture of their ticket.

1. Extenuating Circumstances

If the passenger can demonstrate that their No-Show was due to an extenuating circumstance beyond their control and contacts the Call Center within two (2) hours of their scheduled departure, they may be placed on the Carrier's next available flight to the same destination subject to availability. If the next available flight isn't available until the next day(s), the Carrier is not responsible for any costs incurred, such as any overnight stay, meals, or personal necessities. Also, service charges and any fare differential may apply.

7. **Credits – Vouchers and Electronic Miscellaneous Document (EMD)**

Carrier has the capability to issue a credit towards future travel or ancillary services. This credit can be a voucher in the form of a letter or email, or an Electronic Miscellaneous Document (EMD) with corresponding information on how to access that credit sent to the passenger via email once issued. This credit will have an expiration date and terms that outline how the credit may be used and who may use the credit.

- A. Credits may be transferred to other persons unless otherwise noted.
- B. Credit for flights are valid for one year from the date of issue unless otherwise noted.
- C. Reservations paid using such credit must be utilized prior to the expiration of the credit. In addition, travel must be completed prior to the expiration date of the credit unless otherwise noted.

- E. Vouchers for flights may consist of a six-character reference code and a six-character PIN or may consist of a 13-digit EMD number.

10. **Customer of Size**

Due to the structural limitations of our aircraft, we cannot accept a Customer of Size (COS) whose body weight exceeds 350 pounds. Seatbelts must fasten securely around the passenger. This is in compliance with the Federal U.S. DOT 14 CFR Part 382.31(d): carrier may refuse to provide transportation to any passenger on the basis of safety and may refuse to provide transportation to any passenger whose carriage would violate the Federal Aviation Regulations.

11. **Passengers Requiring Boarding Assistance**

It is Carrier's policy to provide equal opportunity for all would-be travelers. Accordingly, we will not refuse to provide transportation to a disabled individual who may be transported in accordance with the company's FAA-approved operating procedures based on his or her disability, provided that he or she is able to ascend and descend stairs without the use of a lift device.

Carrier may refuse to provide transportation to any customer whose carriage may impair the safety of the flight in accordance with the provisions of this contract and may refuse to provide transportation to any customer whose carriage would violate federal regulations (including FAA and TSA regulations) or the Company's FAA-issued operating manuals. In exercising this authority, however, Carrier personnel will not discriminate against any disabled individual solely on the basis of the disability.

For your safety, to travel in our aircraft, customers must be able to ascend and descend several steps to board the aircraft. Our aircraft hold 28 or fewer passengers and therefore are not required under the Air Carrier Access Act (section 382.97) to provide mechanical lift devices for enplaning or deplaning.

At certain locations, portable boarding ramps may be available as an alternative to stairs; however, ramp availability cannot be guaranteed. Guests may use canes, walkers, or other assistive devices up to the aircraft stairs or ramp. Carrier employees will provide reasonable assistance, including stowing assistive devices onboard, and will do so in a dignified, safe, professional, and courteous manner at all times.

Guests requiring assistance should notify the Carrier at the time of booking or by contacting the Call Center in advance of travel so that appropriate arrangements can be made.

Carrier does not accept Personal Human Transporters (defined as a 2-wheeled battery-powered personal transportation device) on our flights.

Customers who, because of age, mental or physical condition, disability, or impairment that requires individual attention or consideration to enplane or deplane an aircraft or to manage oneself during the flight in normal operations or emergency conditions, will be afforded a reasonable amount of assistance by Carrier's employees. This assistance will be in a dignified, safe, professional, and courteous manner at all times. Carrier will consult with the customer about any assistance and special plans arranged on the customer's behalf. Carrier will extend this assistance to all qualified individuals with a disability as this legal term is more broadly defined to protect all those who may otherwise suffer from discriminatory practices. We do, however, ask that if any assistance is needed, that it be communicated at the time the reservation is made, or if the reservation is made online, that you contact our Call Center so they can document your reservation and our staff can be prepared for your arrival at the airport.

- A. Carrier's policies and procedures comply with the U.S. Department of Transportation regulation "Nondiscrimination on the Basis of Disability in Air Travel" (14 CFR Part 382).

- 1. Definition of Non-Ambulatory (under this Rule):

- a. Persons who are unable to move or need the support of another person to walk or move, not capable of caring for themselves without assistance throughout the flight are considered non-ambulatory.
 - b. Non-Ambulatory passengers will not be permitted to board our aircraft that carry 9 or fewer passengers due to the nature of the aircraft and the absence of a flight attendant to offer any onboard assistance.
 - c. If a Passenger uses a wheelchair for convenience, the Passenger is not considered to be non-ambulatory.
 - d. If the Passenger can move himself/herself from his/her seat to the nearest emergency exit without the aid of another person, the Passenger is not considered to be non-ambulatory, regardless of the degree of impairment.
2. One wheelchair per Passenger will be carried at no charge as Checked Baggage if it meets sizing requirements. A second wheelchair is subject to standard Baggage Fees and charges.
 3. The wheelchair will be carried in the cargo compartment of the aircraft.

12. **Medical Devices Allowed Onboard Aircraft**

A. Medical Transport Services

1. Carrier does not provide transportation to passengers who must travel in/on a stretcher or infants who must travel in incubators or Infant Transport Systems.

Portable Oxygen Concentrators (POCs) approved by the Federal Aviation Administration (FAA) may be carried and used onboard flights operated by Carrier at no charge, in accordance with specific FAA requirements. Please see

https://www.faa.gov/about/initiatives/cabin_safety/portable_oxygen/ for additional information and specifications.

1. Passengers using POCs must be seated in a row other than an emergency exit.
2. Customer is solely responsible for advising Carrier as soon as reservations are confirmed, regardless of whether the reservations were made through a travel agent, on the internet, or directly with Carrier in order to confirm specific requirements and to provide the airline with the required information.
3. Must have a signed written doctor's statement that
 - a. States the user of the POC has the physical and cognitive ability to see, hear, and understand the device's aural and visual cautions and warnings and is able, without assistance, to take appropriate action in response to those cautions and warnings.
 - b. States whether or not oxygen use is medically necessary for all or a portion of the flight(s) listed on the customer's itinerary.

 - e. Must ensure that he/she has ample power to run the POC for the duration of his/her flight plus one (1) additional hour to allow for unanticipated delays and any ground connection time where the POC is planned to be used (Carrier does not have electrical power available for customer use on its aircraft).
4. Failure to meet the requirements will result in denied use of the POC during travel.

5. When connecting to or from any codeshare flight or any interline flight, Customer is responsible for notifying and making independent arrangements directly with the other airline (current FAA authorization enables but does not require airlines to accept POCs and some airlines may not accept them or may require a fee).
6. POCs are assistive devices for customers with disabilities. As such, they do not count toward Personal Item or checked baggage limits, whether or not they are used onboard. They must be able to fit at the passenger's feet or in their lap.
7. Carrier is not liable for POC equipment failures, failure of the batteries that power the POC, or any other losses or damages alleged by the customer or any other person arising out of the use or possession of the POC, unless caused by the gross negligence or willful misconduct of Carrier.

13. **Pets In Cabin, General Conditions, Service Animals, Animals In General**

For definition purposes:

- A pet is a domesticated dog or cat.
- A Service Animal is a trained dog.
- An animal is anything except a domesticated dog or cat.

A. Pets In Cabin

1. Pets and Service Animals are confirmed to be on a flight with the owner/traveler. There is a limit to the number of pets allowed on any flight, thus the need for you to give us advance notice by speaking with one of our agents at our Call Center at (800) 329-0485 (Southern Airways) or (866) 260-7070 (Mokulele) at least 48 hours before your flight or when making your initial reservation; we need to make sure that we do not go over the allocated pet limit on your specific flight(s). If booking inside 48 hours, a \$100 fee will be collected.
2. Neither owner nor pet may occupy the last row behind the boarding door, and emergency exit seats, or in any way block access to any emergency exit doors of the aircraft.
3. Pets without prior reservation/authorization will only be boarded in accordance with all other rules and terms herein.
4. Pets, regardless of size, must be in an approved airline pet carrier/kennel and remain in their carrier or kennel once boarded and throughout the flight at all times.
5. The pet cannot interfere with the operation of the passenger's seat belt.
6. The pet cannot impede exiting the aircraft in the event of an emergency.
7. The passenger assumes full responsibility for the safety, well-being, and conduct of its pet, including the interaction of the pet with other passengers who may come in contact with the pet while onboard the aircraft, and for compliance with all governmental requirements, regulations, or restrictions, including entry permits and required health certificates from the state(s) to which the pet is being transported within.
8. Ticketed passengers showing up with pets at the counter who have not made previous arrangements will be assessed a \$100.00 fee for failing to advise of the pet at the time of making their reservation.
9. A Service Animal will always have priority over a pet.
10. Small pets must be able to fit on the floor at the passenger's feet (always during takeoffs and landings), or comfortably on the passenger's lap without spilling onto the aisle; the maximum combined weight of any pet at the passenger's seat is 15 lbs.
11. Pets must be at least 8 weeks old and weaned
12. Carrier accepts most breeds of dogs and cats for flight; however, we reserve the right to deny boarding to any breed we deem unsafe or not fit to fly. The Pilot In Command makes the final decision.

13. The pet must remain with and under the control of the traveler and must be well-behaved.
 14. The pet must be harmless, inoffensive, clean (free of fleas, ticks, or any biting insects), well-groomed, and without any offensive odor(s), and require no attention during transit.
 15. The pet and owner cannot display any disruptive, unruly, and/or aggressive behavior at any time before and during boarding, and especially during the flight. The pet must not pose a threat (including a perceived notion) to the safety or health of the other passengers traveling. In the event the pet and/or owner becomes offensive or causes a disturbance, they may be denied boarding by the Pilot In Command, First Officer, and/or Customer Service Agent, or if during transit, may be refused further transport upon arriving at the next stop.
 16. Muzzled, pregnant, injured, or sick pets will not be accepted.
 17. Carrier reserves the right to levy any fees to the traveler/owner if there are any damages or cleaning required to the aircraft related to the transportation of the pet; a minimum charge of \$50.00 will be assessed.
 18. Carrier will not be liable for illness or injury to a pet or death of a pet when the pet has been handled by Carrier with ordinary standards of safety and care or when Carrier has acted in the interests of the entire flight such as in an emergency or a Force Majeure event.
 19. The liability ceiling for Carrier shall not exceed USD \$500.00 in the event of the death of a pet while within the confines of an aircraft if deemed the death was due to mishandling by Carrier.
 20. Carrier will not be liable for any loss or expense due to the passenger's failure to comply with the provisions of this Rule.
 21. Carrier reserves the right to deny boarding of any pet if any conditions outlining these rules and restrictions are not met.
 22. As a general rule, Carrier will normally accept two pets per flight; however, the number of pets allowed on each flight will also be based on the size of the pets. Normally we allow 2 small (under 15 lb.) pets, or one small and one large (over 26 lb.) pets. We avoid having 2 large pets to prevent the possibility of them becoming unruly with each other during flight. Exceptions may be made depending on the size of the pets and also at the discretion of the Pilot In Command.
 23. Reservations for pets can only be made on Carrier's flights only. Should you be making a reservation that includes flights on any other carrier, we do not transmit that information to them. You must contact them directly to make arrangements. We take no responsibility if the other carrier refuses to transport your pets.
- B. General Conditions – Non-Service Animals

 - d. There is a strict limit of two animals on each flight. Animals traveling in the same kennel count as one animal for capacity purposes.

- e. It is recommended that pets be given a mild sedative prescribed by the vet prior to flight.

2. Mokulele Flights

- a. There must be one person 16 years of age or older to accompany each carrier or kennel.
- b. Up to two small animals with a combined weight of 25 lbs or less and in the same carrier will be charged a \$35 service fee per animal, per direction.

- d. Mokulele will allow an Unaccompanied Minor over the age of 15 to transport a pet provided they are not traveling with anyone younger than they are.

C. Service Animals

1. Carrier is PART 382-certified and falls under rules that state: Due to our certification and size of our aircraft, Carrier reserves the right to not allow Service Animals.
2. Service Animals must be able to provide assistance to a qualified person with a disability. Carrier must also accept the credible verbal assurances of qualified disabled individuals using such animals.
3. Service Animals are allowed when accompanying an individual who requires assistance with a disability.
4. Neither owner nor Service Animal may occupy the last row behind the boarding door, an emergency exit seat, or in any way block access to any emergency exit doors of the aircraft.
5. Service Animals are specifically trained to behave properly and in a non-disruptive manner in public settings, and a properly trained guide dog will remain at the feet of its owner. Any animal that engages in behavior that is disruptive or threatening has not been properly trained to behave as a Service Animal and will not be carried.
6. Service Animals need to be called in and noted in the passenger's reservation at least 48 hours prior to travel, or when initial travel reservations are made. We have a limit to the number of pets allowed on any given flight. To be fair with those traveling with pets, we need to have this information early on to make sure that we do not have more pets than are allowed. Call (800) 329-0485 (Southern Airways) or (866) 260-7070 (Mokulele) to verify the number of pets and to make accommodations.
7. The U.S. Dept. of Transportation advises that, under the Air Carrier Access Act (ACAA), a Service Animal is an animal that is individually trained or able to assist a person with a disability; or an animal that assists persons with disabilities by providing emotional support.
8. Carrier's desire to safely accommodate everyone possible is our number one priority. We also abide by established rules of the ADA/U.S. Dept. of Justice. At times it may not be possible to accommodate all animals. With all things being equal, a passenger traveling with a Service Animal will be boarded ahead of a passenger traveling with a pet. At times, even with proper documentation, a Service Animal and its owner may not be allowed to fly due to the limitations of the aircraft.
9. There is no fee for a Service Animal; however, should a Service Animal be of a size where it does not fit within the footprint of the seated owner, the Service Animal will be required to purchase space on flight(s), or they have the option to wait for the next available flight that has seats available.
10. The U.S. Department of Transportation requires this Service Animal Air Transportation form to be provided when you check-in. It provides information on the animal (condition, training, behavior, etc.), and also provides assurances that the animal will be harnessed, leashed, or

tethered at all times and outlines provisions for reimbursement should there be any damage caused by the animal while in flight. You must bring this completed form with you. (For Hawaii – you may skip the first item under Animal Health that refers to being vaccinated for rabies.)

D. Animals In General (Mokulele)

1. Mokulele will allow the transport of certain animals other than domesticated dogs or cats. In addition, Carrier still reserves the right to prohibit transporting any animal(s).
2. Here is a list of prohibited animals provided by the SoHDA (subject to change without notice): <https://hdoa.hawaii.gov/pi/files/2012/12/AR-71P.pdf>
3. Animal(s) will be transported via the Wikiwiki Service. Wikiwiki items are transported on a space-available basis only. Animal(s) must be in leakproof containers/kennels/cages that will be able to contain the animal(s) safely and humanely. The size of the container cannot be larger than 29.5" w x 14.5" h x 48" l, and weigh no more than 70 lbs. including the animal, otherwise, it will not fit in the cargo area of the aircraft. In addition, that area has no lighting, is not temperature controlled, and is not pressurized. Aircraft can attain altitudes of 10,500 feet above sea level for periods of 15 to 30 minutes at a time. Please keep that in mind for the safety and well-being of any animal.
4. Each individual animal (not container) will be charged a fee of \$35.00 (subject to change) plus applicable Federal Tax currently at 6.25%. If there are 5 animals in one container, you will be charged \$35.00 per animal (\$140.00) plus applicable taxes.
5. Customer will need to fill in and sign the "Customer Acknowledgment Form for Animal Transport" that releases Carrier from any liability for damages or death of any animal.
6. Additional information can be found in the "Customer Acknowledgment Form for Animal Transport" and on our Wikiwiki website page (<https://mokuleleairlines.com/wikiwiki/>).

14. Ground Transfer Service

Carrier does not assume responsibility for the ground transportation of any passenger or his or her baggage between any airport used by Carrier and any other location. Ground transportation is at the passenger's expense.

For passengers using Southern's complimentary shuttle service at DFW Corporate Aviation, all passengers must ensure a minimum connecting time of at least ninety (90) minutes to other carriers based at any of the main DFW Airport terminals, and at least sixty (60) minutes if connecting from a carrier that is based at the main terminals to Southern Airways Express.

Carrier does not provide any shuttle service to Love Field or other Dallas-area destinations beyond the main terminals at DFW Airport.

Carrier is not liable for any assistance or information provided by any agent/employee of Carrier to any

passenger relating to such documents or compliance with such laws or for the consequences to any passenger resulting from his/her failure to obtain such documents or to comply with such laws. Where legally permitted, Carrier reserves the right to hold, photocopy, or otherwise reproduce a travel document presented by any Passenger.

Subject to applicable laws and regulations, the Passenger must pay the applicable fare whenever Carrier, on government order, is required to return a Passenger to his/her point of origin or elsewhere due to the Passenger's inadmissibility into/or deportation from a country. The fare will be the applicable fare in effect at the time of the original Ticket's issuance. Any difference between the applicable fare and the fare paid will be collected from or refunded to the Passenger, as the case may be. Carrier will apply to the payment of such fares any funds paid by the Passenger for unused carriage or any funds of the Passenger in possession of Carrier. The fare collected for carriage to the point of refusal of entry or deportation will not be refunded by Carrier unless the law of such country requires that the fare be refunded.

This Rule and its limitations include, but is not limited to, Travel Documents related to travel by minors. Some countries require special documents for minors traveling with only one parent to/from an international destination.

16. Screening of Passengers and Baggage

Passengers and/or their baggage are subject to security screening, including but not limited to, background checks, security profiling, physical pat-downs and inspections, x-ray screening, manual bag searches, questioning of Passengers, and use of electronic or other detectors or screening or security devices, in the sole discretion of the government, airport, or Carrier, and with or without the Passenger's presence, consent or knowledge. Neither Carrier nor its employees or agents are liable for any damage, loss, delay (including refusal to transport), confiscation of property, injury, or other harm relating to or arising out of security screening or Passenger's failure to submit to or comply with such security screening.

A. Voluntary

Because the selection of volunteers is based on a variety of factors, and because we may have more volunteers than we need, some volunteers may not be selected.

 - a. Ease of re-accommodation.

If Carrier is unable to provide onward transportation, Carrier will attempt to arrange transportation for the customer on the next available flight of another airline with which Carrier may or may not have an agreement with, allowing the acceptance of each other's tickets at no additional cost to the customer.

D. Compensation for Flights

1. Involuntary – Carrier will offer the following compensation to customers denied boarding involuntarily on flights within the Carrier's network:
 - a. A transferable voucher for one free roundtrip coach class ticket on Carrier within Carrier's network (certain restrictions may apply to these tickets, which are disclosed in materials available from Carrier's agents).

4. Carrier arranges comparable air transportation, or other transportation used by the customer at no extra cost to the customer, that at the time such arrangement is made, is planned to arrive at the airport of the customer's next Stopover or, if none, at the airport of the final destination not later than one hour after the planned arrival time of the customer's original flight or flight(s).
5. If Carrier refuses to transport the passenger for any of the reasons stated in Rule 17 of the Contract of Carriage.

F. Free Air Transportation as Compensation for Travel

The voucher for free air transportation will be provided only to the customer who was denied boarding, although the customer may elect to transfer the voucher to another person.

Tickets issued in exchange for free air transportation vouchers are valid for one year from the date of ticket issuance. All travel must be completed within one year of the date of ticket issuance. Space is subject to availability at the time of booking and travel must be via Carrier only and via the most direct routing on which space is available. A Stopover will be permitted only at the customer's outward destination. The ticket has no refund value and may be rerouted and reissued only by Carrier.

Unless the fare purchased otherwise indicates, Carrier will reroute a passenger at the passenger's request and upon presentation of the ticket or portion thereof then held by the passenger plus payment of any applicable fees and fare differentials.

The fare and charges applicable to any change in itinerary, class of service, or change in ultimate destination made at the passenger's request through Carrier prior to arrival at the ultimate destination named on the original ticket, shall be the fare and charges in effect on the date when the revised routing and/or ultimate destination is entered on the passenger's new ticket. Any difference between the fare, penalties, and service charges applicable to the original ticket issued to the Passenger will be either collected from or refunded to the passenger, as the case may be.

22. Additional Liability Limitations
